INSPIRATION

I have finally figured out why
I'm overweight!
The shampoo I use in the shower
that runs down my body says
"for extra volume and body".
I'm going to start using dishwashing liquid,
it says "dissolves fat that is
otherwise difficult to remove".

LOVE is...
"love is when your puppy licks
your face even after you
have left him alone all day!"

Fleeceytex FUN

A magician worked on a cruise ship.

The audience was different each week so the magician did the same tricks over and over again. There was only one problem: The captain's parrot saw the shows each week and began to understand how the Magician did every trick.

Once he understood, he started shouting in the middle of the show, "Look, It's not the same hat!" or, "Look, he's hiding the flowers under the table!" Or "Hey, why are all the cards the ace of spades?" The magician was furious but couldn't do anything. It was, after all, the Captain's' parrot.

Then one stormy night on the Pacific, the ship unfortunately sank, drowning almost all who were on board. The magician luckily found himself on a piece of wood floating in the middle of the sea, as fate would have it ... with the parrot. They stared at each other with hatred, but did not utter a word. This went on for a day... and then 2 days... and then 3 days. Finally on the 4th day, the parrot could not hold back any longer and said....

"OK, I give up. WHERE IS THE SHIP?"

Fleeceytex OFFICE

Reaching the end of a job interview, the CEO asked the young MBA fresh out of UCT, "And what starting salary were you looking for?" The candidate said "In the neighbourhood of R350 000 a year, depending on the benefits package." The CEO said, "Well, what would you say to a package of 5-weeks vacation, 14 paid holidays, full medical and dental, company matching retirement fund to 50% of salary & a company car leased every 2 years - say, a red Mercedes?"

The Engineer sat up straight and said, "Wow!! Are you kidding?" and the CEO said, "Certainly, ... but you started it!"
