THE PHARMACIST

A nice, calm & respectable lady went into the pharmacy, right up to the pharmacist, looked straight into his eyes and said; I would like to buy some cyanide.
The pharmacist asked; why in the world do you need cyanide!
The lady replied; I need it to poison my husband.
The pharmacist's eyes got big and he exclaimed; no! I cant give you cyanide to kill your husband!
That's against the law! I will lose my license & they will throw both of us in jail!
All kinds of bad things will happen, absolutely not!
You can't have any cyanide!
The lady reached into her purse and pulled out a picture of her husband kissing the pharmacist's wife.
The pharmacist looked at the picture and replied; well now, that's different...
You didn't tell me you had a prescription!

HA HA HA!!

WONDER-PONDER!

- If swimming is a good exercise to stay FIT, why are whales FAT?
- Why is the place in a stadium where people SIT, called a STAND?
- If money does not grow on TREES then why do banks have BRANCHES?
- Why does GLUE not stick to its BOTTLES?
- Why do you still call it a BUILDING when its already BUILT?

If you receive **WORK** from any of your colleagues, your boss, or anyone else via any means **DO NOT TOUCH IT**. This virus will wipe out your private life completely.

If you should come into contact with **WORK** put your jacket on and take two good friends to the nearest grocery store. Purchase the antidote known as **Work-Isolating-Neutralizer-Extract (WINE)** or **Bothersome-Employer-Elimination-Rebooter (BEER)**.

Take the antidote repeatedly until **WORK** has been completely eliminated from your system...

TAKING A CHANCE!

A fellow phones in sick to work on the Monday, saying he can't come to work -he has a problem with his eyes. His worried boss asks him what's the matter & the chap replies that he can't see. Boss now really concerned and tells his worker that he is awfully sorry and that such a problem is just dreadful, giving the fellow permission to take off as much time as needed to sort the problem out.

About two days later the worker pitches up back at work. His boss is surprised at his quick return & concerned he immediately walks over to enquire about his health and the exact nature of the eye problem.

The fellow responds lamely:
"It wasn't REALLY a problem... I just couldn't see myself coming to work on Monday!"

Yes, the Boss is repeating the same ideas... but it is our JOB to look at it in a fresh light!"
