FINISHING THINGS..

"I am passing this on to you because it definitely worked for me today and we all could probably use more calm in our lives. Some doctor on TV this morning said the way to achieve inner peace is to finish all the things you have started. So I looked around my house to see things I'd started and hadn't finished.

So I have managed to finish off a bottle of Merlot, a bottle of Chardonnay, a bottle of Baileys, a bottle of wum, a package of Prungles, the remainder of bot Prozac and Valiumun scriptins, the rest of the chesecake and a box of chocletz. Yu haf no idr how bludy fablus I feel rite now. Plaese shar dhis wth touse yu fee ar in ned ov lennr pisss. An telum,u bludy luvum!!"

SUMMER TIME @ THE OFFICE!

OVER WORKED MOUSE...

John applied for a forklift operator job at a famous firm based in Jo'burg. A younger chap applied for the same job and since both applicants had similar qualifications, they were asked to take a test and led to a quiet room with no interruptions by the Manager. When the results were in, both men had scored 19 out of 20.

The manager went to John and said, "Thank you for coming the best we've decided to give the younger guy the job." John said, "And why would you be doing that? We both got 19 questions right!" Manager: "We have made our decision not on the correct answers, but on the question you got wrong." John said, "Tell me now, how would one incorrect answer be better than another?" Manager: "Simple. On question number 7 the younger guy wrote down, 'I don't know.' You put down, 'Neither do I!'"

Attention: Human Resources
Joe Smith, my assistant programmer, can always be found hard at work in his cubicle. Joe works independently, without wasting company time talking to colleagues. Joe never thinks twice about assisting fellow employees and he always finishes given assignments on time. Often Joe takes extended measures to complete his work, sometimes skipping coffee breaks. Joe is an individual who has absolutely no vanity in spite of his high accomplishments and profound knowledge in his field. I firmly believe that Joe can be classed as a high-calibre employee, the type which cannot be dispensed with. Consequently, I duly recommend that Joe be promoted to executive management and a proposal will be executed as soon as possible.

Project Leader
